### How to check if your providers participate in the Value HMO

It is very important to check our online provider directory at [allwayshealthpartners.org](http://allwayshealthpartners.org) to ensure your doctors, hospitals and other providers participate in the Value HMO network (*available on 3/25/21*).

1. Select Find a Provider
2. Choose Not a member yet
3. At the top left of the search box, choose **Value HMO** (*available on 3/25/21*)

There are some providers, for example Boston Children's Hospital, Dana-Farber Cancer Institute, and Tufts Medical Center, that are not in the Value HMO network.

We can also help you find new providers!

- If you're currently covered by AllWays Health Partners, call **866-567-9175**.
- If you're not yet a member, call us at **800-871-2223**.

**IMPORTANT NOTICE:** This plan includes a limited provider network called Value HMO. This plan provides access to a network that is smaller than AllWays Health Partners' full commercial HMO provider network. In this plan, members have access to network benefits only from the providers in the Value HMO network. Please consult the Value HMO provider directory or visit the provider search tool at [allwayshealthpartners.org](http://allwayshealthpartners.org) to determine which providers are included in the Value HMO network.
